Basic English Grammar is a developmental skills text for beginning English language learners. It uses a grammar-based approach integrated with communicative methodologies to promote the development of all language skills in a variety of ways. Starting from a foundation of understanding form and meaning, students engage in meaningful communication about real actions, real things, and their own lives in the classroom context. Grammar tasks are designed to encourage both fluency and accuracy.

The eclectic approach and abundant variety of exercise material remain the same as in the earlier editions, but this fourth edition incorporates new ways and means. In particular:

#### CORPUS-INFORMED CONTENT

Based on corpus research, grammar content has been added, deleted, or modified to reflect discourse patterns. New information highlighting differences between spoken and written English has been added to the charts, and students practice more frequently used structures. We have been careful to keep the information manageable for beginning students.

#### PRESENTATION OF KEY GRAMMAR

Chapter 15 (in earlier editions of BEG) has been moved to Chapter 6 of this edition in order to teach possessive forms earlier and present all pronouns together.

#### WARM-UP EXERCISES FOR THE GRAMMAR CHARTS

Newly created for the fourth edition, these innovative exercises precede the grammar charts and introduce the point(s) to be taught. They have been carefully crafted to help students *discover* the target grammar as they progress through each warm-up exercise. The warm-up exercises can help the teacher assess how much explanation and practice students will need.

#### MICRO-PRACTICE

At the beginning level, a single grammar structure (e.g. basic pronouns and possessives) sometimes needs to be presented in several steps. Additional exercises have been created to give students more incremental practice.

#### LISTENING PRACTICE

Recent research highlights the importance of helping students at all levels understand authentic spoken English. New as well as revised exercises introduce students to relaxed, reduced speech. An audio CD accompanies the student text, and a full audio script can be found in the back of the book.

#### READINGS

This fourth edition now has a wide selection of readings for students to read and respond to. The content is carefully controlled so that the vocabulary is accessible to beginning students and the grammar structures appropriate to the chapter(s) studied.

#### WRITING TASKS

New writing tasks help students naturally produce the target grammar structures in extended discourse. These end-of-chapter activities include writing models for students to follow. Editing checklists draw students' attention to the grammar focus and help them develop proofreading skills.

#### Basic English Grammar is accompanied by

- A comprehensive Workbook, consisting of self-study exercises for independent work.
- An all-new Teacher's Guide, with step-by-step teaching suggestions for each chart, notes
  to the teacher on key grammar structures, vocabulary lists, and expansion activities.
- An expanded Test Bank, with additional quizzes, chapter tests, mid-terms, and final exams.
- ExamView software that allows teachers to customize their own tests using quizzes and tests from the Test Bank.
- AzarGrammar.com, a website that provides a variety of supplementary classroom
  materials, PowerPoint presentations for all chapters, and a place where teachers can support
  each other by sharing their knowledge and experience.

The Student Book is available with or without an answer key in the back. Homework can be corrected as a class or, if appropriate, students can correct it at home with the answer key and bring questions to class. In some cases, the teacher may want to collect the assignments written on a separate piece of paper, correct them, and then highlight common problems in class.

#### The Azar-Hagen Grammar Series consists of

- · Understanding and Using English Grammar (blue cover), for upper-level students.
- · Fundamentals of English Grammar (black cover), for mid-level students.
- Basic English Grammar (red cover), for lower or beginning levels.

#### Tips for Using the New Features in this Text

#### WARM-UPS

The **Warm-Up** exercises are a brief pre-teaching tool for the charts. They highlight the key point(s) that will be introduced in the chart directly following the **Warm-Up** exercise. Before beginning the task, teachers will want to familiarize themselves with the material in the chart. Then, with the teacher's guidance, students can discover many or all of the new patterns while completing the **Warm-Up** activity. After students finish the exercise, teachers may find that no further explanation is necessary, and the charts can then serve as a useful reference.

#### LISTENING

The *Listening* exercises have been designed to help students understand American English as it is actually spoken. As such, they include reductions and other phenomena that are part of the natural, relaxed speech of everyday English. Because the pace of speech in the audio may be faster than what students are used to, they may need to hear sentences two or three times as they complete a task.

The *Listening* exercises do not encourage immediate pronunciation (unless they are linked to a specific pronunciation task). Receptive skills precede productive ones, and it is essential that students gain receptive familiarity with the speech patterns before they begin using them in their own speech.

Students are encouraged to listen to conversations the first time without looking at their text. Teachers can explain any vocabulary that has not already been clarified. During the second listening, students complete the assigned task. Teachers will want to pause the audio appropriately. Depending on the level of the class, pauses may be needed after every sentence, or even within a sentence.

It is inevitable that sound representations in the text will at times differ from the instructor's speech, whether due to register or regional variation. A general guideline is that if the instructor expects students will *hear* a variation, or if students themselves raise questions, alternate representations can be presented.

A Listening Script is included in the back of the book.

#### READING

The **Readings** give students an opportunity to work with the grammar structures in extended contexts. Vocabulary that may be new to students is presented on yellow notes for teachers to introduce. One approach to the reading is to have students read the passage independently the first time through. Then they work in small groups or as a class to clarify vocabulary questions that didn't come up in the notes. A second reading may be necessary. Varied reading tasks allow students to check their comprehension, use the target structures, and expand upon the topic in speaking or writing.

#### WRITING

As students gain confidence in using the target structures, they are encouraged to express their ideas in longer writing tasks. Model paragraphs accompany assignments, and question-prompts help students develop their ideas.

Editing checklists provide guidance for self- or peer-editing. One suggested technique is to pair students, have them exchange papers, and then have the *partner* read the paragraph aloud. The writer can *hear* if the content is what he or she intended. This also keeps the writer from automatically self-correcting while reading aloud. The partner can then offer comments and complete the checklist.

For classes that have not had much experience with writing, the teacher may want students to complete the task in small groups. The group composes a paragraph together, which the teacher then collects and marks by calling attention to beginning-level errors, but not correcting them. The teacher makes a copy for each group member, and each student makes the corrections *individually*.

#### LET'S TALK

Each Let's Talk activity is set up as one of the following: Pairwork, Small Group, Class Activity, Interview, or Game. Language learning is a social activity, and these tasks encourage students to speak with others about their ideas, their everyday lives, and the world around them. Students speak more easily and freely when they can connect language to their own knowledge and experiences.

#### CHECK YOUR KNOWLEDGE

Toward the end of the chapter, students can practice sentence-level editing skills by correcting errors common to this level. They can work on the sentences for homework or in small groups in class.

This task can easily be set up as a game. The teacher calls out an item number at random. Students work in teams to correct the sentence, and the first team to correctly edit it wins a point.

Please see the **Teacher's Guide** for detailed information about teaching from this book, including expansion activities and step-by-step instructions.

### Sleep: How Much Do People Need?

Adults need about eight hours of sleep a night. Some need more and some need less, but this is an average amount. Newborn babies need the most sleep, about 14 to 16 hours every 24 hours. They sleep for about four hours. Then they wake up, eat, and then sleep again. As babies grow, they need a little less sleep, about 10 to 14 hours. Here is an interesting fact. Teenagers also need about 10 to 14 hours of sleep a night. Some people think teenagers sleep a lot because they are lazy. Actually, their bodies are changing, so they need a lot of rest. How much sleep do you get every night? Is it enough?

B: It's sunny / cloudy / rainy / cold / hot / windy.

A: What's the weather like in the winter?

B: It's sunny / cloudy / rainy / cold / hot / windy.

5-3 Using It and What to Talk About the Weather					
(a) It's sunny too (b) It's hot and h (c) It's a nice da	umid today.	In English, people usually use it when they talk about the weather.			
(e) How's the w	reather like in Istanbul in January? eather in Moscow in the summer? emperature in Bangkok today?	People commonly ask about the weather by saying What's the weather like? On How's the weather?  What is also used to ask about the temperature.			

### ☐ Exercise 8. Let's talk: pairwork. (Chart 5-3)

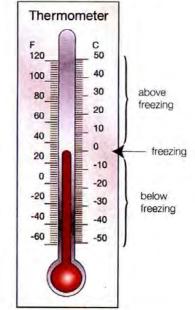

How's the weather today? Choose yes or no. Share your answers with a partner. Do you and your partner agree? Report some of your answers to the class.

1. hot	yes	no	8. sunny	yes	no
2. warm	yes	no	9. nice	yes	no
3. cool	yes	no	10. clear	yes	no
4. chilly	yes	no	11. partly cloudy	yes	no
5. cold	yes	no	12. humid*	yes	no
6. freezing	yes	no	13. windy	yes	no
7. below freezing	yes	no	14. stormy	yes	no

## ☐ Exercise 9. Let's talk: small groups. (Chart 5-3)

Change the Fahrenheit (F) temperatures to Celsius\*\* (C) by choosing temperatures from the box. Then describe the temperature in words.

	38°C 24	°C <b>√</b> 10°C	0°C −18°C
	FAHRENHEIT	CELSIUS	DESCRIPTION
1.	50°F	_10°C	cool, chilly
2.	32°F		
3.	100°F		
4.	75°F		
5.	0°F		

<sup>\*</sup>humid = hot and wet

<sup>\*\*</sup>Celsius is also called "Centigrade."

# Exercise 10. Let's talk: small groups. (Chart 5-3)

Read the chart and follow the instructions.

"Approximate" means "close but not exact." Here is a fast way to get an approximate number when you convert from one temperature system to another."

• To change Celsius to Fahrenheit: DOUBLE THE CELSIUS NUMBER AND ADD 30.

Examples: 
$$12^{\circ}\text{C} \times 2 = 24 + 30 = 54^{\circ}\text{F}$$
 (Exact numbers:  $12^{\circ}\text{C} = 53.6^{\circ}\text{F}$ )  
 $20^{\circ}\text{C} \times 2 = 40 + 30 = 70^{\circ}\text{F}$  (Exact numbers:  $20^{\circ}\text{C} = 68^{\circ}\text{F}$ )  
 $35^{\circ}\text{C} \times 2 = 70 + 30 = 100^{\circ}\text{F}$  (Exact numbers:  $35^{\circ}\text{C} = 95^{\circ}\text{F}$ )

• To change Fahrenheit to Celsius: SUBTRACT 30 FROM THE FAHRENHEIT NUMBER AND THEN DIVIDE BY 2.

Examples: 
$$60^{\circ}F - 30 = 30 \div 2 = 15^{\circ}C$$
. (Exact numbers:  $60^{\circ}F = 15.6^{\circ}C$ .)  
 $80^{\circ}F - 30 = 50 \div 2 = 25^{\circ}C$ . (Exact numbers:  $80^{\circ}F = 26.7^{\circ}C$ .)  
 $90^{\circ}F - 30 = 60 \div 2 = 30^{\circ}C$ . (Exact numbers:  $90^{\circ}F = 32.2^{\circ}C$ .)

Change the temperatures from Celsius to Fahrenheit and from Fahrenheit to Celsius. Calculate the approximate numbers.

- 1.  $22^{\circ}C$  = approximately  $74^{\circ}F$  ( $22^{\circ}C \times 2 = 44 + 30 = 74^{\circ}F$ )
- 2. 2°C
- 3. 30°C \_\_\_\_\_
- 4. 16°C \_\_\_\_\_
- 5. 25°F
- 6. 70°F
- 7. 100°F

<sup>\*</sup>To get exact numbers, use these formulas: C = 5/9 (°F - 32) OR F = 9/5 (°C) + 32.

### ☐ Exercise 11. Let's talk: interview. (Chart 5-3)

Andy did some embarrassing things last week. For example, on Monday, he wore his slippers to work. He got on the bus and looked down at his feet. He felt very stupid and wanted to hide his feet.

That night, he typed an email to his girlfriend. He told her he loved her. But he hit the wrong button and he sent the message to his boss. His girlfriend and his boss have the same first name. He didn't know until the next morning when she greeted him at work. She didn't look very happy.

On Friday, he went to a nice restaurant with co-workers for lunch and ate a salad. After lunch he had a meeting. He talked a lot at the meeting. People gave him strange looks, but Andy didn't know why. Later he found out the reason. He had lettuce on his front teeth.

Andy is hoping for a better week this week. He hid his slippers under the bed and put a mirror in his desk drawer. But he didn't tell his girlfriend about the email because he is still very embarrassed.

#### Steve Jobs

Steve Jobs is another very famous computer person. He was also born in 1955. He grew up in Palo Alto, California. When he was in high school, he worked for electronics businesses in the summer. He also met Steve Wozniak. They became friends and business partners and built their first computer together.

After he graduated from high school, he went to Reed College. He didn't study there very long, but he stayed in the area. He liked to visit the college's calligraphy—artistic handwriting—classes. He learned a lot about design and used it years later with his products.

Jobs, Wozniak, and Ron Wayne started Apple Computer in 1976. In 1985, Apple fired him, so he started NeXT Computer, Inc. While he was working at NeXT, he met Laurene Powell, and they got married.

In 1996, Apple bought NeXT and Jobs once again worked at Apple. Under Jobs, Apple became very successful. In 2001, it introduced the iPod. In 2007, it sold the first iPhone. Three years later, the iPad came out.

Unfortunately, while Jobs was working at Apple, he got cancer. Medical treatments didn't cure him. In 2011, ten months after he turned 56, Steve Jobs died.

### Jack and the Beanstalk

NARRATOR: Once upon a time\* there was a boy named Jack.

He lived with his mother in a small village.

MOTHER: We are very poor. We have no money. Our cow

has no milk.

JACK: What are we going to do?

MOTHER: You'll go to the market and sell the cow.

NARRATOR: Jack left his home and met an old man on the road.

OLD MAN: I will buy your cow. I will pay you with beans.

Here, these are magic beans.

NARRATOR: Jack took the beans home to his mother.

MOTHER: You stupid boy. We have nothing now. We are

going to die.

NARRATOR: She threw the beans out the window. The next

morning, Jack woke up and saw a huge beanstalk outside his window. It went into the clouds. He decided to climb it. At the top, he saw a castle.

Inside the castle, there lived a giant and his

wife. He went into the castle.

Wife: What are you doing? My husband likes to eat boys for breakfast. You need to hide

or he will eat you.

JACK: I'm so scared. Please help me.

Do you know these words?

<sup>\*</sup>once upon a time = a long time ago

WIFE: Here, climb inside the oven. After breakfast, my husband will fall asleep.

GIANT: Fee-Fi-Fo-Fum,\*

I smell the blood of an Englishman.

If he's alive or if he's dead,

I'll use his bones to make my bread.

Hmm. I smell a boy. Wife, are you going to feed me a boy for breakfast?

WIFE: No, I think the smell is the boy from last week. Here's your breakfast.

NARRATOR: The giant ate, counted his gold come, and soon fell asleep. Jack got out of the oven, took a few gold coins, climbed down the beanstalk, and ran to his mother.

MOTHER: Oh, Jack. You saved us. Now we have money for food. But you are not going to go back to the castle. The giant will eat you.

NARRATOR: But Jack wanted more money. Soon he climbed the beanstalk. Again the giant's wife hid Jack in the oven. The giant had a hen. It laid golden eggs. After the giant fell asleep, Jack stole the hen.

MOTHER: What will we do with a hen? Why didn't you bring more gold coins? Jack, you have no sense.

JACK: Wait, mother. The hen is going to lay a golden egg. Watch.

NARRATOR: The hen laid a golden egg.

MOTHER: Oh, you wonderful boy! We will be rich.

NARRATOR: But Jack wanted more from the giant, so he went up the beanstalk one more time. This time, a golden harp was playing. It made beautiful music. Soon the giant went to sleep, and Jack took the harp. The giant heard a noise and woke up.

GIANT: I will catch you and eat you alive.

<sup>\*</sup>Fee-Fi-Fo-Fum = words with no meaning. They help the second line rhyme.

NARRATOR: The giant ran after Jack. Jack climbed down the beanstalk. The giant followed. Jack took an axe and chopped down the stalk. The giant fell.

GIANT: Ahhhhhhhhhh!

JACK: The giant is dead.

MOTHER: Now we are safe. The harp will give us beautiful music. My sadness will go

away. Our lives will be happy. You saved us!

NARRATOR: And they lived happily ever after.

**Part II.** Work in small groups. Complete the play below. Jack is now Jill. The giant is now a dragon. Make the lines silly, funny, or just different.

### Life in 100 Years

In December of 1900, Ladies Home Journal, an American magazine, published an article titled "What May Happen in the Next Hundred Years." There were 29 predictions about life in the year 2000. Below are some of them.

Do you know these words?
magazine

ambulance
tunnel

Cars will be cheaper and stronger than horses. They will do the work of two horses or more. Police, ambulance drivers,

and street cleaners will use cars instead of horses. People won't see horses on the streets.

Big cities won't have streetcars. In the future, if people need to go somewhere, they will travel below or high above the ground. Subways and tunnels will have moving stairways, and they will carry people up or down.

There will be no C, X, or Q in the English alphabet because these sounds are not necessary. In the future, people will spell by sound. First, newspapers will do this. After people see this change, they will do the same.

A final prediction: English will be the number one language in the world and Russian will be number two.

#### Relaxation or Adventure?

I have an airline ticket in my pocket. It will take me anywhere in the world. Where will I go?

If I want a relaxing vacation, I may travel to Tahiti. Or if I want an adventure, I might travel to Antarctica. Both places have natural beauty. I want to travel to a place without many people or buildings.

Do you know these words? adventure windsurfing sharks

If I go to Tahiti, I will sit on the beach in the sun. I will swim in the warm ocean. I might try windsurfing if I am not too scared. I love underwater swimming, so I will probably go snorkeling. But when I am snorkeling, I will stay away from sharks.

If I go to Antarctica, I will take all my warm clothes. There aren't any hotels, so I will probably take a tour boat to the South Pole. I definitely won't sit on a beach! When I am there, I want to see icebergs and penguins.

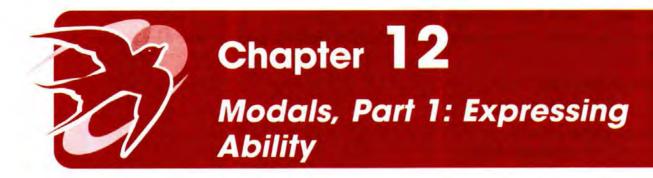

I'm excited about my trip. I just need to answer this question: What is more important to me right now: relaxation or adventure?

#### Maya's English Experience

Five years ago, Maya moved to Canada with her young children. They couldn't speak English. Her children started school and learned English very quickly. Maya didn't study English and could just say basic, common sentences. She only understood people who spoke very slowly and used simple language.

Maya felt very frustrated. She heard about an evening English program at a local community center. She enrolled and began to study. At first, she couldn't understand or say very much. But slowly she got better. She was excited when she went shopping and could have short conversations with the cashier. Her kids were also excited. They could talk to her in English.

Today Maya's English is pretty good. She can talk to friends and neighbors. She watches TV and can understand a lot of it. Maya and her kids speak to each other in both English and their native language. She can switch back and forth very easily. Maya encourages friends to take classes. She says, "Don't worry. Try it for a few months. You can do it!"

#### **Memory Champions**

Nelson Dellis is a memory champion. He can remember a lot of information. For example, he can look at a page of 500 numbers and say all of them. He can go through a deck of cards and say each number with its suit (diamonds, spades, hearts, and clubs) — in order.

Do you know these words?
champion
a deck of cards
suit (in a deck of cards)
amazing
train

Dellis won the 2011 U.S.A. Memory Championship.

He was able to memorize 248 numbers in five minutes. He was also able to memorize a complete deck of cards in 63 seconds.

Memory champions can do amazing things. After they look at photos of 100 strangers, the memory champions can memorize the first and last names with the correct spelling in 15 minutes!

Dellis can't remember all this information naturally. He needs to study. He trains every day. One way he remembers names is to create pictures in his mind. For example, if Dellis wants to remember a person's last name, like "Hardy," he can imagine something "hard," like wood. Then he connects this picture to the person's face. Maybe he sees wood on top of the person's head. When he sees the face again, it will help him remember the name "Hardy."

Memory champions say they aren't special. They believe that with years of practice a person can develop a great memory.

#### ■ Exercise 37. Reading and grammar. (Chart 13-8)

Part I. Read the article. Look at new vocabulary with your teacher first.

#### Returning an Item to a Store

Many stores have a return policy\* for items you buy. Generally, you must have a receipt for a return. Some stores may have your purchase on their computer, but most require a receipt.

In general, clothes must still have the tags. Stores don't want you to wear something and then return it. Usually, you can wear shoes, but you have to stay on carpets and not walk

outside in them. The soles of the shoes should look like new. It is also important to keep the box and other packaging. Stores would like to resell the item, so they want to have the original packaging.

There is usually a time limit for returns. Some stores might give you two weeks, while others may give you 90 days. A few stores have no time limit because they want you to be completely satisfied.

If you buy electronics, like a computer or a TV, there is often a restocking fee. This is a charge to put the item back on the shelf. Often the fee is 15 percent of the cost or more. Here's an example. John bought a camera, but he couldn't understand how to use it. He decided to return it. The company returned his money but kept 15 percent of the camera cost. There is an exception. If an item is defective (damaged or broken), the company will probably return all your money. Generally, a DVD or CD is not returnable if you open it. Be sure you are going to keep it before you open the packaging.

Do you know these words?

<sup>\*</sup> return policy = rules a store has for returning an item

Items on sale usually have this policy: "All sales final." This means there are no returns on sale items. Sometimes a store might let you exchange the item for something else.

Every store is different, so it is important to ask about the return policy before you buy. Simply say, "What is your return policy for \_\_\_\_?" You may save yourself some unpleasant surprises if you get all the information before you buy.

#### Exercise 42. Reading and writing. (Chapter 13)

Part I. Read the passage about Manhattan. Look at new vocabulary with your teacher.

#### A Great Place to Visit

letter I grew up in Manhattan.\* Manhattan is a very exciting part of New York City. You should go there because there are so many interesting sights to see.

Do you know these words? incredible landmark

First, the museums are amazing. You can find art, natural science, and history museums. My favorite museum is on Ellis Island. Ellis Island was the entry point for immigrants from 1892 to 1954, and you can learn a lot about history. My family came through Ellis Island, and I was able to find my grandparents' names.

Many tall buildings have incredible views of the city. You can go to the top of the Empire State Building, Rockefeller Center, or even the Statue of Liberty. Take your camera because you will want to get great photos. The most popular places have long lines, so you should check wait times before you go. Sometimes you have to make reservations.

Statue of Liberty

<sup>\*</sup> See Appendix Chart A5-1, p. 487 for capitalization rules for place names.

A good way to learn about the city is to take a boat tour. Manhattan is an island, and you can see many famous landmarks from the water. A tour guide can tell you a lot about the history of the sites and the different neighborhoods. It's also fun to ride under the famous bridges, like the Brooklyn Bridge.

Central Park is very beautiful and relaxing. It's a wonderful place for walking, running, biking, boating, or just people-watching. Sometimes there are concerts in the park. Millions of people visit the park every year, but it's very large, so it doesn't feel crowded.

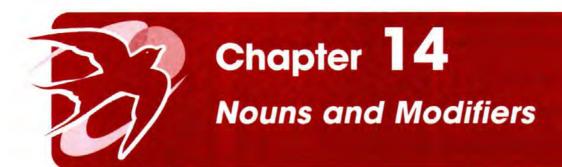

There is something else you should know. Manhattan is very expensive. Make sure you have enough money and be careful when you are walking around town. Keep your money in a safe place and stay away from dangerous places. Your hotel can tell you about places you shouldn't visit.

If you go to Manhattan, you will have special memories. Don't forget to send me pictures!

**Part II.** Write a paragraph about your hometown or a city you like. Imagine you are talking to someone who wants to visit your hometown (or choose another city). First, answer these questions:

- · Why is your hometown (or other city) a good place for me to visit?
- · What should I do when I'm there?
- · Where should I go?
- · What should I see?
- · Are there places I shouldn't visit?

and the second s	is way:  ew up in It is a very exciting/beautiful/interesting place. You should go cause there are so many wonderful sights to see. OR

## Exercise 44. Reading and writing. (Chapter 14)

Part I. Read the passage.

## Ways to Create Happiness

Can money buy happiness? Some psychologists try to answer this question. They do "happiness research." One answer they found is that we can create happiness with memories. We can "buy" memories, and we don't need to spend a lot of money. They believe that simple things in life can create a lot of wonderful memories. Here are some suggestions they give.

- Take someone in your family to a sports event, such as a soccer match or a baseball game.
- · Go camping with family or friends.
- Celebrate something important like graduation.
- Have a meal at a restaurant with family and friends.

It's also important to do something to save these special memories. One way is with photos, postcards, or souvenirs. When you see these items later, they will remind you of the fun times you had.

Part II. Write one or more paragraphs about a way you can create special memories with someone. Answer these questions in your paragraph(s). (See the writing sample on the next page.)

- 1. Who is the person (or people)?
- 2. What do you like to do together and why?
- 3. How do you remember your time with this person?

## Two Simple Ways I Create Special Memories

I like to spend time with my parents. They are elderly, and they don't drive anymore. We do a few simple things together.

I sometimes go with them for walks. They live in the city, and we like to take walks in the park. I tell them about my week and my plans. They like to hear about my life. We walk for about an hour and enjoy the easy exercise.

I also like to have meals with my parents. Sometimes we go out to a local restaurant. Other times I bring them food from a favorite restaurant or deli.\* I buy a nice lunch or dinner, and we eat it at their apartment. Sometimes there is a sports show on TV. We talk about the show while we are eating our meal. We have good memories of our time together.

#### □ Exercise 23. Reading and grammar. (Charts 15-1 → 15-3)

Read the story and <u>underline</u> the comparisons. Then answer the question. Give several reasons for your answer. Look at new vocabulary with your teacher first.

#### Which Phone?

Jon needs to buy a cell phone. He is trying to decide if he should get a basic phone or a smart phone. His teenage children want him to get a smart phone. They say it is more useful than a basic phone.

With a smart phone, Jon can use the Internet to get news and weather, play games, use social media, shop, etc. With a basic phone, Jon can just send voice and text messages and take pictures. Do you know these words?

social media
Wi-Fi access
surf the Internet
eyesight
QWERTY keyboard
cool-looking

Jon sometimes travels. Right now he uses the Internet on his computer when he has Wi-Fi access. With a smart phone, Jon can always get on the Internet. But he doesn't really like to surf the Internet on a phone screen because his eyesight isn't very good.

John wants to be able to send text messages to his wife and kids. Texting on a smart phone is easier than on a basic phone because a smart phone has a QWERTY keyboard.

Jon doesn't like to spend money. A basic phone is cheaper than a smart phone. Also, the service plan for a basic phone is cheaper.

Jon's kids keep telling him a smart phone is more convenient and modern. They say one of the best things about a smart phone is that it is "cool-looking." Jon doesn't care about that, but in general, he likes to make his children happy.

QUESTION: Which type of phone do you think Jon should buy and why?

#### Exercise 49. Reading and writing. (Chapter 15)

Part I. Read the story.

#### My Best Friend

My best friend is Jacob. We have an interesting friendship because we are similar and different in several ways.

We like to study, and we are both smart but in different subjects. His math scores are higher than mine, but my language and history grades are better than his.

Physically we are not alike. Jacob is medium height and very athletic. He is stronger than me, and he can run faster than me. I am tall, and I can't lift heavy weights because it hurts my back. I'm also a slower runner than Jacob.

We like to go to sports events together. One of our favorite sports is baseball. We can talk about baseball for hours.

Jacob is quiet, and I am more talkative. Sometimes Jacob says I talk too much, but he laughs when he says it. He is a better listener than me, so people say we make a good pair.

We enjoy our time together. We think this is because we're not the same and we're not really different.

Part II. Write one or more paragraph(s) about you and a friend. Write about your similarities and differences. The box contains comparison words you may want to use in your paragraph.

NARRATOR: Once upon a time there was a boy named Jack. He lived with his mother in a small village.

MOTHER: We are very poor. We have no money. Our cow has no milk.

JACK: What are we going to do?

MOTHER: You'll go to the market and sell the cow.

NARRATOR: Jack left his home and met an old man on the road.

OLD MAN: I will buy your cow. I will pay you with beans. Here, these are magic beans.

NARRATOR: Jack took the beans home to his mother.

MOTHER: You stupid boy. We have nothing now. We are going to die.

NARRATOR: She threw the beans out the window. The next morning, Jack woke up and saw a huge beanstalk outside

his window. It went into the clouds. He decided to climb it. At the top, he saw a castle. Inside the

castle, there lived a giant and his wife. He went into the castle.

Wife: What are you doing? My husband likes to eat boys for breakfast. You need to hide or he will eat you.

JACK: I'm so scared. Please help me.

WIFE: Here, climb inside the oven. After breakfast, my husband will fall asleep.

GIANT: Fee-Fi-Fo-Fum,

I smell the blood of an Englishman.

If he's alive or if he's dead,

I'll use his bones to make my bread.

Hmm. I smell a boy. Wife, are you going to feed me a boy for breakfast?

WIFE: No, I think the smell is the boy from last week. Here's your breakfast.

NARRATOR: The giant ate, counted his gold coins, and soon fell asleep. Jack got out of the oven, took a few gold

coins, climbed down the beanstalk, and ran to his mother.

MOTHER: Oh, Jack. You saved us. Now we have money for food. But you are not going to go back to the castle.

The giant will eat you.

NARRATOR: But Jack wanted more money. Soon he climbed the beanstalk. Again the giant's wife hid Jack in the

oven. The giant had a hen. It laid golden eggs. After the giant fell asleep, Jack stole the hen.

MOTHER: What will we do with a hen? Why didn't you bring more gold coins? Jack, you have no sense.

JACK: Wait, mother. The hen is going to lay a golden egg. Watch.

NARRATOR: The hen laid a golden egg.

MOTHER: Oh, you wonderful boy! We will be rich.

2

NARRATOR: But Jack wanted more from the giant, so he went up the beanstalk one more time. This time, a golden

harp was playing. It made beautiful music. Soon the giant went to sleep, and Jack took the harp. The

giant heard a noise and woke up.

GIANT: I will catch you and eat you alive.

NARRATOR: The giant ran after Jack. Jack climbed down the beanstalk. The giant followed. Jack took an axe and

chopped down the stalk. The giant fell.

GIANT: Ahhhhhhhhhh!

JACK: The giant is dead.

MOTHER: Now we are safe. The harp will give us beautiful music. My sadness will go away. Our lives will be

happy. You saved us!

NARRATOR: And they lived happily ever after.

Maya's English Experience

Five years ago, Maya moved to Canada with her young children. They couldn't speak English. Her

children started school and learned English very quickly. Maya didn't study English and <u>could</u> just <u>say</u> basic, common sentences. She only understood people who spoke very slowly and used simple language.

Maya felt very frustrated. She heard about an evening English program at a local community center. She enrolled and began to study. At first, she <u>couldn't understand</u> or <u>say</u> very much. But slowly she got better. She was excited when she went shopping and <u>could have</u> short conversations with the cashier. Her kids were also excited. They <u>could talk</u> to her in English.

Today Maya's English is pretty good. She <u>can talk</u> to friends and neighbors. She watches TV and <u>can understand</u> a lot of it. Maya and her kids speak to each other in both English and their native language. She <u>can switch</u> back and forth very easily. Maya encourages friends to take classes. She says, "Don't worry. Try it for a few months. You can do it!"

# BASIC ENGLISH GRAMMAR with Answer Key and Audio Fourth Editn Betty S. Azar Stacy A. Hagen

**Basic English Grammar** is a classic developmental skills text for beginning students of English as a second or foreign language. It uses a grammar-based approach integrated with communicative methodologies to promote the development of all language skills.

While keeping the same basic approach and material as in earlier editions, the fourth edition continues to build on the foundation of understanding form and meaning by engaging students in meaningful communication about real actions, real things, and their own lives in classroom context.

Several of the new features are

- Information in the grammar charts highlighting important differences between spoken and written English
- Step-by-step writing activities with models for students to follow
- Innovative warm-up exercises that precede the grammar charts and introduce points to be taug
- Newly created exercises to give students more incremental grammar practice
- Structure-based listening exercises that introduce students to relaxed, reduced speech
