Edinburgh is a city in the south of Scotland. It's an old city and it's got a population of about 500,000. There are a lot of shops, businesses and monuments.

I like Edinburgh because it's an interesting place and the people are really friendly. The shops here are really good and there are a lot of cinemas. My favourite places are the castle and the zoo.

There are some quite nice places near Edinburgh. It's only a few kilometres from the sea and there's a very pretty beach in Portobello. There are also trains and buses to Glasgow and the north. I like Glasgow, but I think Edinburgh is more interesting.

Sue and Noel Radford have got seventeen sons and daughters and they've also got two granddaughters. It's a big family, and they're very organized. Every schoolday, the children get up early and have breakfast at 6.45 a.m.

Noel gets up at 4.45 a.m., has breakfast and goes to work in his bakery. When he has a break, he doesn't relax – he comes home and takes the children to school in the family's minibus.

Sue works at home. Her older daughter studies, but sometimes helps with the housework. The younger children don't help. In their free time, they play video games or watch TV with their brothers and sisters. Sue doesn't watch TV a lot. The Radfords don't usually go to restaurants or to the cinema because it's expensive.

The young children normally go to bed at 7 p.m., the older ones at 8 p.m. or 9 p.m. and their parents go to bed just before 10 p.m.

Why have the Radfords got this enormous family? Because they love children! Life in the Radfords' house is sometimes difficult and it's often noisy, but it's usually fun!

THE NOTTING HILL CARNIVAL

By Tamsin Lucas

Every year in London there's a big celebration called the Notting Hill Carnival. The carnival is in August and the people in it celebrate Caribbean culture.

In the carnival there are big parades in the street and there's Caribbean food. People make costumes for the parades. They also play music and dance in the streets. It's noisy, but it's also friendly.

I don't usually wear a costume, but I always watch the parades. I also dance because I really like Caribbean music – it's a lot of fun.

BLOBFISH

we love you!

The blobfish isn't the most beautiful fish on the planet and it isn't the most common. It's a dull colour and you don't usually see it because it lives 1,000 metres under the seas near Australia.

But now the blobfish is famous because people say that it's the ugliest animal in the world. There are photos and articles about it in magazines and on the internet. This is really good for the blobfish and for other 'ugly' animals. But why?

Every year, thousands of species of

animals become extinct. We often see information about the most interesting, the most beautiful and the most colourful, such as whales, butterflies or pandas. But some of the ugliest animals are also some of the rarest, and they also need our help.

On lists of the world's 'ugliest' animals, the blobfish is often number one, but there are other fantastic creatures on the lists. For example, the monkey with the biggest nose (the proboscis monkey) and the frog with the weirdest face (the purple frog).

Are they really ugly? No, they're interesting and rare. The best idea is to protect all animals.

- Check the meaning of the words in blue in sentences 1–3. Then read the text. Which sentences does the writer agree with?
 - It's important to protect all animals because they are all interesting.
 - 2 It's best to protect the beautiful species, not the ugly ones.
 - 3 A lot of species become extinct every year. Animals in danger need our help.

- 1 The blobfish is quite rare.
- 2 The blobfish sometimes lives in rivers.
- 3 It's good that there are photos and articles about the blobfish.
- 4 There's a lot of information about pandas, but not whales.
- 5 The purple frog is on the ugliest animals list.

THINK! What do you know about schools in other countries?

Hi Ela.

I'm really happy that you can come to Ireland and study at our school next month for the exchange programme. Here's some information for you:

Clonakilty Community College is a medium-sized school with about 500 students. It's in the centre of Clonakilty, in Ireland. Classes here start at 9 a.m. and finish at 4 p.m. There's a break at 11 a.m. and we have lunch at 1.20 p.m. Some subjects, like maths and English, are compulsory. Other subjects such as woodwork, business studies and languages are optional. I like languages, so I study French and Spanish. What are your favourite subjects?

Here's a photo of some students in my class. We're looking for information for a geography project. Maybe you can email me a photo of your class or your school.

Write soon.

The sports interview ...

SUMO STYLE

Those sumo wrestlers are big! How much do they weigh?

Most top wrestlers weigh more than 140 kilos. The heaviest are around 190 kilos.

Is it a popular sport?

Well, there aren't many sumo wrestlers these days. It isn't a healthy lifestyle.

(1)

They get up early and train from 5 a.m. until about 1 p.m.

What do they have for breakfast?

They don't have breakfast – so they're very hungry at lunchtime and they eat a lot!

(2)

They have a special dish called *chankonabe*. There's a lot of meat or fish in *chankonabe* and there are also a lot of vegetables.

(3)

Well, it's full of vitamins and there isn't much fat in it, but they eat enormous quantities – sometimes six or seven bowls – and then maybe five bowls of rice.

But they exercise a lot.

Yes, but not after meals. After lunch they sleep, then they get up and eat more *chankonabe*.

(4)

Yes, some eggs, salads, some desserts maybe; but always chankonabe. So, if you want to be sumo size, eat and sleep a lot. If not, maybe do sports which are healthier!

A LIFE IN PHOTOS

On 23 January 1996, Munish Bansal took a photo of his new baby daughter Suman, who was a few hours old. Baby Suman had beautiful, big brown eyes and straight dark hair.

Every day after that, Munish took another photo of his daughter, sometimes in the morning, sometimes in the afternoon. Sometimes Suman was tired or sad and she didn't want to look at the camera, but she was usually happy.

In the photos Suman usually had long hair, but sometimes it was short; sometimes she had glasses and sometimes she didn't have glasses. From one day to the next Suman didn't change a lot, but every month and year she grew or changed a little.

On her eighteenth birthday, 6,575 days after she was born, Munish took a photo of his daughter as usual. The same as in the first photo, Suman had beautiful, big brown eyes and straight black hair, but in this photo she was an adult, not a baby.

CURRICULUM EXTRA • Geography: Reading a map

1 Check the meaning of the words in the box and match them with symbols 1–6. Read the text and check your answers.

path hill railway forest river road

2 3.21 Read and listen to the text again. What other symbols are on a map?

3 Look at map A and choose the correct words.

The scale is 11:100,000 / 1:50,000. There are a lot of 2paths / railways on this map, and there's one 3 hill / forest. It is 4246 / 156 metres high. There's also a big 5 town / road and a 6 train station / city on the map.

4 How many forests are there?

5 Are there any roads on the map?

6 Is there a railway?

8 Is there a city on the map? What's it called?

5 USE IT! Work in pairs. Draw a map of a place you know or an imaginary place. Then work with another pair and ask and answer the questions in exercise 4 about your maps.

A map is a representation of a place. It's got a scale and a legend. A scale of 1:100,000 means that one centimetre on the map equals 100,000 centimetres, or one kilometre, in the place.

There are some symbols in the legend. An area with green trees is a forest, and a blue line is a river. A black dotted line is a path. There is a small black triangle and a number for a hill. The number - for example 112 - means that the hill is 112 metres high. Red lines are roads, and a railway is a black line with smaller lines on it. A black circle on a railway is a train station. A red area is a city or town. Next to the red area is the name of the city.

CURRICULUM EXTRA • Geography: Time zones

I can talk about time zones.

Check the meaning of the words in the box. Read the text and match the words to numbers 1-7 on the map.

> longitude Prime Meridian Greenwich Mean Time east west north south

Time zones

Time zones help us know what time it is in different parts of the world. This is because when the Earth rotates, the sun shines on only one part of the Earth, so when it's the morning in your country, it's night-time in another country.

The Earth has got twenty-four time zones. The lines for each time zone go from north to south. These are called lines of longitude. The line on the map at 0° longitude is called the Prime Meridian. This line goes through Greenwich, in London. The time there is

called Greenwich Mean Time (GMT).

The Earth rotates 15° of longitude every hour (24 x 15° = 360°). Places east of the Prime Meridian are ahead of GMT. For example, Istanbul is about 30° east of the Prime Meridian, so the time there is GMT plus two hours. Places west of the Prime Meridian are behind GMT. For example, Rio is about 45° west of the Prime Meridian, so the time there is GMT minus three hours. So when it is 12 p.m. in London, it is 2 p.m. in Istanbul and 9 a.m. in Rio.

2 3.22 Read and listen to the text again and write true or false. Correct the false sentences.

- 1 Lines of longitude go from east to west.

- 7 How many hours ahead of or behind GMT is your country?
- USE IT! Work in pairs. Complete the table. Then ask and answer questions about the time in the different cities.

THE ADVENTURES OF TOM SAWYER

The summer holidays came, and there was no school. Tom didn't want to think about Muff Potter and Injun Joe, but it wasn't easy. At night, when he was in bed, he saw Injun Joe's face in the dark, and he couldn't sleep. But he couldn't talk to anyone about it.

One hot summer's day he and Joe Harper were down by the Mississippi River. They sat and watched the boats, and fished and talked.

'Let's get away from here!' said Tom, suddenly. 'Let's go and do something exciting somewhere.'

'OK,' said Joe. 'But what? And where?'

Read the text. Then answer the questions.

- 1 Why couldn't Tom sleep?
- 2 Why did Tom want to go to Jackson's Island?
- 3 How far was Jackson's Island from St Petersburg?
- 4 How many boys went to the island?

The next day the boys got up at 8 a.m.

Then they ...

'I know,' Tom said. 'Let's run away. Let's go and live on Jackson's Island. We can sleep out, under the trees.'

Jackson's Island was in the Mississippi, three miles south of St Petersburg. Nobody lived there.

'Let's ask Huck Finn, too,' said Tom. 'But don't tell your mother or father or anyone. Go home and get some things to eat, and meet me here at midnight.'

So that night three boys in a small boat went down the river to Jackson's Island. They had some bread and some

meat, and Huck had his pipe, too. When they got there, they carried everything on to the island and made a fire, under a big old tree. Then they cooked some of the meat over the fire, and oh, that meat was so good – the best dinner in the world! Soon, they stopped talking, their eyes closed and they slept.

Liverpool

Hi. I'm Toby and I'm from Liverpool in the north-west of England. It's a big city, but it's really friendly. There are a lot of interesting things to see and do here. Liverpool is on the River Mersey and my favourite place is the Albert Dock. This is a group of old buildings by the river. There are cafés and restaurants, an art gallery and some museums. Anfield Stadium is a fantastic place to visit if you're into football.

My family are British, but we're from different places. My mum's from Belfast in Northern Ireland, and my dad's from Cardiff in Wales. My sister is at university in Edinburgh in Scotland. That means I've got family in every capital city in Britain except London. London's the biggest capital in the UK. There are over eight million people there. It's an exciting place to visit, but I think the people in Liverpool are friendlier!

Welly wanging

Do you like interesting sports? Have you got any green wellies*? Then you are ready for 'welly wanging'! Every year there is a Welly Wanging World Championship in Upperthong, a village in Yorkshire, England.

What does 'welly wanging' mean? In Yorkshire they don't say 'throw' – they say 'wang'. In this sport, if you 'wang' your welly further than the others, you win. It's great fun! There are four competitions: for men, women, boys and

girls. It's easy to 'wang' your welly, but it's more difficult to win. Adult winners get a trophy, and the children get some money – but not very much.

Football and rugby are bigger sports, but welly wanging is more fun!

*wellington boots

The Camel Cup is a day of camel races in Alice Springs, Australia. Every July, 5,000 people from all over the world visit the festival.

The camels are slower (and uglier!) than horses, but faster than you think. They are noisy animals, and difficult to ride. It is very exciting to watch. It is also very funny.

A British school day

 - 1 Where is Olivia?
 - 2 What is she doing?

My mum is my teacher

It's 9.30 on Tuesday morning and I'm studying, but I'm not at school. That's because I'm home-educated. All children in Britain between five and eighteen must have an education. This is usually at school, but it can be at home. School's boring for me because the lessons are really easy, so I stay at home and my mum teaches me.

I study the same subjects as students at school, but I can learn at my level. I'm really good at maths, so I can take my maths GCSE* in May. Students take that exam when they're fifteen or sixteen, but I'm only twelve.

I usually study for five hours a day. I don't wear a uniform; I can work in my pyjamas if I want! There's a computer in my 'classroom' and I do a lot of work using DVD-ROMs and the internet. I practise the violin every day and I play in an orchestra once a week.

I love learning at home. I haven't got any brothers or sisters, but I'm never lonely. I go to a sports club at the weekends and I've got a lot of friends. Some of them also study at home, so we sometimes chat online.

Amelia Earhart was the most famous female pilot of all time. She was born in 1897. She grew up in Kansas in the USA. She did well at school, but she didn't finish university. There was a war, so she became a nurse.

Her life changed when she was twenty-three. That's when she first flew in a plane. She wasn't the pilot, but after this she became very interested in flying. She learned to fly and in 1921 she flew solo* for the first time. The next year she bought her own plane. She named it 'The Canary'.

Amelia Earhart was very brave. In 1932 she became the first woman to fly solo across the Atlantic - in a record time of fourteen hours and fifty-six minutes. She flew from Canada to Northern Ireland. The President gave her a medal. Amelia Earhart was suddenly famous!

She competed in many flying races and broke many records. She also wrote popular books about flying. In 1937 she tried to fly around the world. Sadly, she didn't return. Nobody knows what happened exactly.

Her plane probably crashed, but they didn't find her or her plane. Amelia Earhart was only forty-one when she died.

Theme parks are where you find rollercoasters and rides. They are very popular in the USA. There are more than 300 theme parks there, and they are all

very friendly places with a lot of exciting things to do.

The first big American theme park was Disneyland. It opened in 1955 in California and people loved it, especially families with children.

Americans wanted more, and so the number of theme parks in the country grew.

Walt Disney World in Florida had its first visitors in 1971. It is still open today and it is very successful. In 2013, more than eighteen million people visited the Magic Kingdom there.

The rides at modern American theme parks are faster and more exciting than in the past – but they are very safe. The bravest people can go on the 'thrill rides' – these are scary rides that use a lot of expensive technology. There are also family rides and water rides. These rides are great for children.

Theme parks have got a lot to offer – more than just rides and rollercoasters. There are also shops, cafés, restaurants, shows and concerts. Families sometimes have a holiday at a theme park and stay in a hotel there.

PROJECT • A new sport

I can invent a new hybrid sport.

- 1 Read the text about the new sports and answer the questions.
 - 1 Which sport is a team game?
 - Which sport do you play in a park or on a special course?
 - 3 Which sport do you think is the most interesting?

Hybrid sports

Take two sports and put them together. What have you got? A new sport! There are a lot of these new sports – or 'hybrid' sports – around the world. For example, if you're into football, why don't you try one of these?

Footvolley

Octavio de Moraes invented footvolley in 1965. He wanted to play football with his friends on Copacabana beach, but in Brazil there was a rule: no football games on the beach. So Octavio and his friends invented a new game: footvolley.

It's similar to beach volleyball, but you play it with a football and you can't use your hands! There are normally two players on a team.

 - 1 Which hybrid sport looks the most fun?

Footgolf

Footgolf is a hybrid of football and golf. You play it on a special golf course or a park. The rules are not very difficult. It's similar to golf, but you use a football. The players don't hit the ball; they kick it. Footgolfers say the best thing about their sport is that you don't need a lot of money to play – all you need is a football and a place to play.
